ACADEMIC GUIDE

**FOR INTERNATIONAL
EXCHANGE STUDENTS**

ACADEMIC YEAR 2013-2014

Dear student,

Thank you for choosing the UAB for doing your exchange.

Inside this guide you will find the basic information you need to enroll at the UAB as exchange student.

If you have any doubt or question please contact to the Exchange Office or directly to your Exchange Coordinator.

Email: intercanvis.veterinaria@uab.cat
Office: Gestió Acadèmica

Firsts steps once you have arrived to UAB

- ✓ **FIRST OF ALL: Go to International Welcome Point (international.welcome.point@uab.cat - Plaça Cívica UAB), where you will be registered as exchange student. You can get there your UAB student card and further information about different procedures: housing, transport, legal procedures, etc. You will need your identity card or passport for doing the registration.**
- ✓ Go to **Gestió Acadèmica (Registrar's office) of the Faculty of Veterinary Medicine**, where we will provide you all the academic information about the studies and will enroll you in the courses you want to follow at the UAB as exchange student.

Academic calendar 2013-2014

Teaching activities period:	First term	From 09/09/2013 to 31/01/2014
	Second term	From 10/02/2014 to 04/07/2014
Exams period:	Included in the teaching activities period	
Holidays and Bank Holidays	September: 11 and 24 November: 1 December: 6 Christmas Holidays: from December 23 to January 6. East Holidays : from April 14 th to April 21 st May: 1 and 12	

DEGREE IN VETERINARY MEDICINE

ANNUAL subjects (September 13– July 14)

Code	Subject	ECTS
102612	Integrated laboratory (first year)	3
102662	Biochemistry (first year)	8
103540	Production Bases and animal management (first year)	6
103539	Ethnology and Ethology (first year)	6
102633	Physiology (second year)	9
102616	Integrated Practices in Animal Health (fourth year)	6
102620	Equine Medicine and Surgery (fourth year)	7

FIRST TERM subjects (September 13 – February 14)

Code	Subject	ECTS
FIRST YEAR		
102652	Animal and Cellular Biology	7
102628	Agronomy and agrarian economy	6
SECOND YEAR		
102660	Microbiology and Applications	3
102643	Epidemiology and Statistics	6
102678	Morphology the II	9
102611	Food Science	3
THIRD YEAR		
102625	Integrated Animal Production I	6
102615	Animal Health I	6
102661	Animal Reproduction	6
102665	Pharmacology I	9
102618	Aquaculture and Ictiopathology	3
FOURTH YEAR		
102622	Medicine and Surgery for Domestic Animals I	7
102631	Food Safety and Zoonosis	6
102613	Animal Health III	5
102663	Toxicology	5
FIFTH YEAR		
21220	Clinical Medicine II	4,5
21221	Food Hygiene and Inspection I	4,5
21222	Obstetrics and Theriogenology	6,5
21223	Ethics and Legislation	3,5
21872	Extramural Professional Practice	15,0
21232	Exotic Pets	2,0
21229	Swine Medicine	4,0
21234	Traumatology	3,0
21244	Ovine and Caprine Production	3,0
21245	Rabbit Production	3,0
21247	Fish Production	3,0
21250	Enterprise Management	3,0
21253	Meat Science	5,0
21254	Fish and Seafood Science	3,0
21235	Dermatology	3,0

SECOND TERM subjects (February 14– July 14)

Code	Subject	ECTS
FIRST YEAR		
102679	Morphology I	9
102634	Structure and Function of the Nervous System	6
102651	Microbiology	6
102659	Parasitology	3
SECOND YEAR		
102610	Food Technology	6
102676	Pathology	6
102626	Animal Nutrition	6
102677	Exploratory Methods	9
102674	Genetics	3
THIRD YEAR		
102624	Integrated Animal Production II	5
102675	Surgery and Anesthesiology	8
102614	Animal Health II	5
102673	Genetics	6
102623	Medicine and Surgery for Meat Species	6
FOURTH YEAR		
102621	Medicine and Surgery for Domestic Animals II	7
102632	Food Inspection and Hygiene	9
102617	Health Policy and Diseases with Legal Implications	5
102664	Clinical and Therapeutic Pharmacology	3
FIFTH YEAR		
21224	Therapeutics	4,5
21225	Food Hygiene and Inspection II	4,5
21226	Toxicology	5,5
21227	Preventive Medicine	3,5
21872	Extramural Professional Practice	15,0
21228	Ruminant Medicine	4,0
21230	Poultry and Rabbit Medicine	3,0
21231	Equine Medicine	4,0
21233	Internal Medicine	4,0
21239	Fish Medicine	3,0
21240	Zoonoses	3,0
21252	Milk Science	5,0
21256	Embryo Technology	2,0
21235	Dermatology	3,0

Clinical Practical Modules

If you want to follow any of these subjects, you have also to follow the corresponding **clinical practical modules** among the available weeks. Carrying out the modules is **compulsory** for passing the related subjects. Each module has 1 week duration, except indicated otherwise.

Subject	Module	Place	Dates	Registration
21222 Obstetrics and Theriogenology	Large Animals Module (Horses or Cattle)	Horses: Veterinary Medicine Hospital-HCV	1 week between	Registrar's office (Gestió Acadèmica)
		Cattle: external farms	1 week between	
21220 Clinical Medicine II	Large Animals Module (Horses or Cattle)	Horses: Veterinary Medicine Hospital-HCV	1 week between	Registrar's office (Gestió Acadèmica)
		Cattle: external farms	1 week between	
	Small Animals Module (Medical Intensive Pathology)	Veterinary Medicine Hospital-HCV	1 week between	Registrar's office (Gestió Acadèmica)
	Small Animals Module (Medical Consulting Pathology)	Veterinary Medicine Hospital-HCV	1 week between	Registrar's office (Gestió Acadèmica)
21233 Internal Medicine	Internal Medicine Module	Veterinary Medicine Hospital-HCV	1 week between	Registrar's office (Gestió Acadèmica)
21231 Equine Medicine	Equine Medicine Module	Veterinary Medicine Hospital-HCV	2 weeks between	Registrar's office (Gestió Acadèmica)

DEGREE IN FOOD SCIENCE AND TECHNOLOGY

FIRST TERM subjects (September 13 – February 14)

Code	Subject	ECTS
FIRST YEAR		
103242	Mathematics	6
103251	Animal, Plant and Cell Biology	6
103250	Physics	6
103264	Chemistry I	6
103240	Statistics	6
SECOND YEAR		
103239	Food Products	6
103265	Biochemistry II	6
103238	Food Chemistry	6
103252	Human Physiology	6
103254	Fundamental of Processes	6
THIRD YEAR		
103257	Food Toxicology	6
103259	Food Microbiology	6
103555	Food Processes Methods I	6
103262	Management of food safety and public health	6
103247	Economy, Management and logistics of food businesses	6
FOURTH YEAR		
103235	Final Project	6
103241	Practicum	12
103246	Psychology and Marketing	3
103236	Food Legislation	3
102649	Meat and Meat Products	6
102645	Fish and Fishing Products	6
103227	Fermentation Products	3
103260	Food Mycology	3
103232	Food Biotechnology	3

SECOND TERM subjects (February 14 – July 14)

Code	Subject	ECTS
FIRST YEAR		
103263	Chemistry II	6
103267	Microbiology and parasitology	6
103266	Biochemistry I	6
103255	Production of raw materials	6
103249	Laboratory Experimentation	6
SECOND YEAR		
103245	Food Analysis and quality control	9
103253	Basic operations	6
103268	Human Nutrition	6
103226	Reactors, instrumentation and control	6
103248	Food and culture	3

THIRD YEAR

103556	Food Processes Methods II	6
103261	Hygiene and self-control systems	9
103231	Project fundamentals	3
103256	Development and innovation	6
103228	Pilot Plant Experiences	6

FOURTH YEAR

103235	Final Project	6
103241	Practicum	12
103244	Systems of Environmental Management Quality and Tools	6
102648	Milk and Dairy Products	6
103233	Plant-Based Foods and Non-Alcoholic Drinks	6
103234	Ready-to-Eat Foods and Collective Catering	3
103243	Experiment Design	3
102646	Eggs and Egg Products	3
103258	Ecological Food Production	3

Languages

At the UAB lessons are usually taught in Catalan and Spanish and some of them are taught also in English. If you want to know the mean language one specific subject is taught, please contact to the professor in charge of the subject.

Currently, at the Faculty of Veterinary Medicine the courses taught in English are: Dermatology (only first semester), neurology and Equine Medicine.

The incoming exchange students of the UAB have right to one course of Spanish language with a discount of the 50% in the price and to Catalan language lessons free of charge until reach the basic level.

For information about Spanish and Catalan courses, please check the website of the **UAB Language Service**: <http://www.uab.cat/servei-llengues>

You can find further information about Catalan language and culture in **Intercat**, electronic resource specially designed for students on mobility programs who are visiting Catalan universities: <http://www.intercat.cat/en/index.jsp>

Syllabus, timetable, exams - academic year 2013-2014

You can find the information about syllabus, timetable of the subjects and exams calendar of the academic year 2013-2014 inside our website:
