

POST-DOCTORAL POSITIONS, Environmental Sciences

The Institute of Environmental Science and Technology (ICTA) of the Universitat Autònoma de Barcelona will selectively sponsor applications by well qualified researchers (any nationality) for post-doctoral positions under the Juan de la Cierva scheme in the environmental sciences, particularly in the following fields:

- Aerobiology and air transport,
- Business and the Environment,
- Conservation Biology,
- Ecological Economics,
- Environmental and Resource Economics,
- Environmental Sociology,
- Ethnoecology,
- Global and Climate Change,
- Industrial Ecology.
