

# Action in case of an emergency

## Fire

Evacuate the premises. Close the door to contain the fire

Ring the alarm bell. Press the fire warning button.

Call the Security Service and alert the nearest porter's office

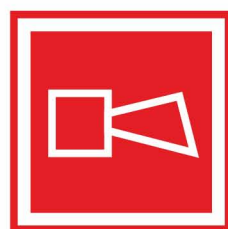

Use the extinguisher only if you know how it works

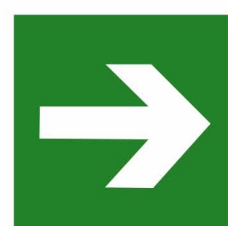

Remember: use the stairs. Do not use the lifts; you may become trapped

## Evacuation

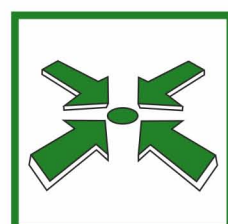

When you hear a continuous alarm sound, leave whatever you are doing. Turn off all devices

Follow the emergency exit signs

Follow any instructions given by evacuation personnel

Go to the emergency assembly point. Avoid crowding at the exits

## Accident

Protect yourself from the cause of the accident

Call the First Aid Team and the Security Service

Stay close to the injured. Do not move them. Keep them warm and reassure them
