

Grup d'Estudi de Processos Oceànics i Climàtics (GEPOC)

The GEPOC team at the Institute of Environmental Science and Technology (ICTA, UAB) carries out research in marine sciences and global climate change.

GEPOC offers a range of **Master and PhD projects** in

- Climate change
- Marine environmental chemistry
- Marine climatology
- Marine ecology

The research is carried out in collaboration with partner institutes in Europe and overseas and involves regular participation in expeditions with international research vessels.

Interested candidates contact:

Dr. Patrizia Ziveri, ICTA email patrizia.ziveri@uab.cat (subject: "Master, PhD")
