

Timetable information

In **blue-green** you will see the the **mandatory subjects**, whereas in **different** colors, the **optative** ones. Before enrolling, verify that the optional subject you want to take is compatible in terms of timetables with the compulsory subjects of the corresponding track.

These timetables are based on the current timetables for the 2022-23 school year. Some subjects may be affected by changes for the 2023-22 academic year. The information will be updated.

[Periodically consult on the website for possible changes and/or modifications of schedules or classrooms.](#)
