## DECLARATION AND COMMITMENT ON THE PROTECTION OF PERSONAL DATA AND ON THE PROTECTION OF THE RIGHT TO HONOUR, PRIVACY AND SELF-IMAGE

I DECLARE that the Universitat Autònoma de Barcelona (UAB) has informed me that:

1. Within the framework of the studies that I am currently undertaking at the UAB, it is possible that I will gain access to documentation and other information that is protected by the laws governing the protection of personal data and the right to honour, personal and family-related privacy, and self-image.
2. This said information, to which I may gain access through any of the academic activities undertaken (attendance-based classes, practicums, external placements or academic excursions) and which may cover all types of personal data that I may have accessed in the course of my studies—particularly that relating to users of the services in which I am carrying out practicums (hospitals, schools, companies, etc.), such as medical records or academic transcripts and the confidential information expressly determined by the organisation in which I am undertaking the said practicums—is to be used exclusively for study or research; I cannot make any other use or dissemination whatsoever of this, under any circumstances.
3. Information or circumstances produced through the relationship between the members of practicum groups, follow-up seminars, group work or other analogous academic relationships are also protected.
4. Attendance-based classes and practicums are subject to the protection of image rights and personal data, for which reason I have no authorisation to record—through any media—the classes or practicums, or of the teaching staff giving these sessions, or of collaborating personnel or of any other students, except in those cases in which the nature of the activity necessarily involves such recording, or in which the holders of these rights, or their legal representatives, have expressly authorised such activity.

I therefore AGREE to respect the regulations concerning the protection of personal data and the protection of the right to honour, privacy and image in relation to the teaching and research activity carried out by the UAB.

## DECLARATION AND COMMITMENT ON INTELLECTUAL PROPERTY

I DECLARE that the Universitat Autònoma de Barcelona (UAB) has informed me that:

1. Within the framework of the studies that I am currently undertaking at the UAB, I have access to written, verbal and audiovisual content that is protected by legally established intellectual property rights.
2. This said protected content, which I may access both through attendance-based classes and the university's Virtual Campus, are exclusively used for my study and research; I cannot make any dissemination of such content to third parties without the authorisation of the holder of the respective rights.
3. Attendance-based classes are deemed to be works protected by intellectual property rights, for which reason I have no authorisation to record—through any media—the classes taught by the teaching staff, except in those cases in which the teaching staff have provided express authorisation for the corresponding session.
4. Plagiarism is the act of divulging, publishing or reproducing a work or any part of this work in the name of an author that is different from the authentic author; this fact implies the appropriation of the ideas created by another person without providing explicit recognition of their origin. This appropriation, in turn, implies an infringement of the intellectual property rights pertaining to the said authentic author. For this reason, I have no authorisation to present this content in the name of any author other than that of the authentic author, under any circumstances whatever (whether in exams, essays, practicums, or whatsoever).

I therefore AGREE to respect the regulations concerning intellectual property rights in relation to the teaching and research activity carried out by the UAB.
